The English, it is supposed, have interfered to mive it is pour and old, and read with equal pleasure and profit. The anni Aime Martin are, alas! exceptions to the modern race of French anthors. It is a melanchely reflection that, apart from the productions of these two, no work of a really healthy and invigorating tone now emanates from the pens of the gifted of France in the department of fiction and the drama. Even the platitudes of Paul and Virginia, and the interminable moralizings of the work of the set was a set the unburied dead Christians in Svria, and the interminable moralizings of the word of the white Prince of who was a Surian Princes though the Hence of the soil of the set was a set of the set of the set was a set of the set was a set of the set was a set o
